

Southeast Alaska Transportation Plan

**REVISIONS
AHEAD!**

SATP Update

- Current SATP is nearly 5 yrs old
- Regional information to update:
 - Economy
 - Hydro Interties
 - Transportation and Utility Corridors
 - Demographics
 - Traffic Trends

Partnerships

- Department of Commerce, Community & Economic Development
- Other State, Local, and Federal Agencies
 - Land and Resource Managers
- Native Corporations
- NGOs
 - SE Confernece
 - Conservation Orgs
 - Chambers of Commerce

Update Process

- Rely on Communication through our Website and e-mail
- Reduce cost by keeping expensive meetings to minimum necessary
- Perform as much work as possible with Department Staff
- Supplement with consultant services only as necessary

Key Tasks

- Carrier and infrastructure inventory
- Mission and Goal review
- Review Purpose & Need
- Alternative Development
- Implementation Plan
- Determine Funding Requirements
- Public Involvement

Consultant Services

- May need consultant assistance with:
 - Public involvement
 - Traffic forecasting
 - Vessel requirements and cost estimates

Project Schedule

- Expect to complete within one year
- Staff availability and funding dependent
- Schedule will be developed over next few months
